## Dreams Take Flight at Baldwin County Regional Airport Through Gift of Flight Initiative

Faithful Guardian Aviation, Baldwin County Regional Airport's flight school, is on a quest to help increase the 2% of aviation career positions held by women. The Gift of Flight initiative started with Omar Brock and his team at the Brock Foundation, who are on a mission to educate and motivate women and minorities. Faithful Guardian held the Gift of Flight Initiative on Saturday, October 23rd. It was open to all women 14 years of age and older, and thanks to volunteers, donations, and the logistical support of the airport management team - Sinclair Aviation, the event was free of charge. Female high school students and school personnel, as well as parents, heard presentations from female aviation role models, toured the Baldwin County Regional Airport and flew with female flight instructors.

GMC Senior Lucy Berger Slowinski noted: "I really loved hearing about people's past and how they got where they are today, and the flying part of course." "It was a great pleasure to contribute to such a special event and to meet so many wonderful people. I look forward to the next chapter ahead," shared Kalina Milani, Boeing 777 Captain and local resident.

The Gift of Flight for Women was sponsored by Faithful Guardian Aviation and the Baldwin County Regional Airport's Center for Aviation Promotion and Flight Instruction, the Brock Foundation, Sinclair Aviation, the Airport Advisory Committee, Friends of the Airport and the Baldwin County Board of Commissioners. Both females and males interested in taking a discovery flight or learning more about aviation can contact Faithful Guardian at the airport: 478-453-9358.
